NEW MAYOR ASKS PEOPLE TO HELP MAINTAIN ORDER

Canton Executive Outlines
Policy He Will Follow
to Restore Quiet.

WILL FOLLOW LAW WITHOUT
RESPECT TO INDIVIDUALS

Says Canton People Have
Right to Expect Fear-
less Enforcement.

Canton, Oct. 28.—That the strike situation is well in hand and there is absolutely no need for state troops to aid local authorities in maintaining order was the declaration this afternoon of Thomas J. Duffy, chairman of the state industrial commission, and George F. Miles of the state board of mediation, as they left for Columbus.

Acting Mayor Schrantz has refused a permit for the strikers to use any public building or public park for the Roster meeting. A request had been made for the Auditorium, the largest assembly hall in the city. The meeting, it was announced at strike headquarters, will be held in a private lodge hall.

The mayor told the strike committee that inasmuch as every effort is being made to maintain order through local agencies, he could not permit the strikers to bring in foreign speakers to hold meetings in public places.

Mayor Schrantz also called a special meeting of the city council for tonight at which he announced he will ask that ordinances be amended to prohibit mill guards from exercising authority outside the mills. The Canton central labor union asked that this be done at last night's council session. The new ordinances have already been prepared and it is expected they will be passed as emergency measures tonight.

The acting mayor called a special appeal for volunteers on the emergency police force.

Canton, Oct. 28.—Acting Mayor Henry A. Schrantz, in a formal communication to the people of Canton today declared that he would render secure life and property and enforce the state laws and city ordinances without fear or favor and without respect to individuals or interests. He also called upon the citizens to cooperate with him in the fulfillment of his announced purpose.

The acting mayor was on the job early this morning. Accompanied by the chief of police he made a tour of the strike zones at 5 o'clock. He is continually in conference with his enforcement officials devising means of keeping order.

Acting Mayor Schrantz's statement follows: "To the people of the city of Canton: I assume the responsibility and duties of mayor of the city of Canton under circumstances most extraordinary and unusual. I have taken a solemn obligation to enforce the law of the state and the ordinances of the city to guard the public property; to render secure life and property. This I shall do without fear or favor and without respect to individuals or interests."

"I can do no more. The people of Canton have a right to expect no less. In this endeavor to maintain the supremacy of the law I expect and will have the cooperation of all the people for complete fulfillment of this purpose, thereby promoting the welfare of all."

W. Z. Foster, director of the national wide steel strike, addressed strikers here tomorrow. There were no disturbances reported last night or today.

Judge Ake of the common pleas court late yesterday granted an injunction against strikers at the United States Alloy Steel corporation restraining them from illegal picketing. The injunction is similar in its scope to that granted the Stark Rolling Mill company last week.

**ALL DEPARTMENTS ARE
OPERATING AT GARY**

Chicago, Oct. 28.—Every department of the United States Steel corporation's plant at Gary, Indiana, today was reported by company officials in operation and from point to point the Chicago district same reports of gradual improvement that has extended over several days. The situation at Hammond and Indiana Harbor, Indiana, where disorders threatened, was so nearly normal today that five companies of Indiana state militiamen had been returned home. Picketing by strikers virtually had been abandoned at Gary, where the steel companies and strikers' families have taken up that work.

**BELIEVE NEW MAYOR
WILL MAINTAIN ORDER**

Canton, Ohio, Oct. 28.—State officials who last night declared that lawlessness in connection with the steel strike must forthwith cease and called upon the city council for funds to hire additional emergency police, expressed the belief that the new executive is determined to rule with a firm hand and that state troops may not be needed to cope with the situation.

State mediator Thomas F. Duffy, chairman of the state industrial commission and George F. Miles of the state board of mediation, who heard the acting mayor declare his stand, said they felt assured that he meant business and would see that the steel companies, the strikers and the public were given a square deal.

It is understood that the new executive expects to use the emergency police for patrol duty in the residential and business sections, thus releasing all the regular patrolmen for service in the strike areas. The acting mayor intimated that unless the steel companies

RUSH BEST RED TROOPS
TO DEFEND CAPITAL

Furious Fighting Takes Place Around Kiev Held By Denikine.

London, Oct. 28.—Winter, moving southward from the arctic regions, is coming to the aid of Bolshevik troops in Petrograd, and the ability of General Yudenitch to capture the former Russian capital before winter puts an end to his campaign seems doubtful.

Soviet forces, fighting desperately against the northwestern Russian army, have succeeded in recapturing Tarskoye Selo, and Pavlovsk, south of Petrograd, and appear to be in a position to prolong the defense of the city for an indefinite period.

Some of the best soldiers in the ranks of the Soviet army are said to have been rushed to Petrograd from Moscow and it is believed they formed the main portion of the red forces which have initiated what appears to be a successful counter-offensive.

Yudenitch troops are reported to have fallen back along the front south of Petrograd but unofficial reports would seem to indicate they have moved nearer Petrograd on the line running from Gatchina to Krassnaya Gorka. It is said the town of Gurlium, on this front has been taken from the Bolsheviks.

Furious fighting is going on in and around Kiev which was taken last week by General Denikine's forces. At some points the Denikine troops have been forced to retire.

Letish troops now are holding Duna, below Riga, and have maintained their control of the right bank of the Duna river.

**WEIRTON PLANT IS
AGAIN IN OPERATION**

Clarksburg, W. Va., Oct. 28.—The Clarksburg plant of the Weirton Steel company, closed down five weeks ago by the steel workers' strike, resumed operations today, according to O. H. Ziegler, manager of the mills. Steel workers held a meeting here last night, and Mr. Ziegler addressed the meeting, telling that the union members would not be discriminated against in the company but that no wage scale would be signed by the concern. The assembly then voted unanimously to return to work today.

According to Attorney Frank S. Switzer of Canton, who accompanied Mayor Poorman here yesterday for the hearing before the governor, the charges of the governor will be met by Mayor Poorman and if it becomes necessary, recourse will be made to the courts. The formal hearing, according to Switzer will take place within the next two weeks.

**LABOR MAY DEMAND
WITHDRAWAL OF TROOPS**

Knoxville, Tenn., Oct. 28.—The crisis in the situation brought about by the street car strike here, which also has precipitated a threatened general strike of allied trades November 1st was believed to have passed today when three companies of federal troops arrived here from Camp Gordon under command of Major General E. M. Lewis, who commanded the 30th division in France.

Today a petition is being circulated to get the number of signatures increased in order to call a special election on the question of Mayor E. W. Neal's recall. Mayor Neal is accused of failure to bring about a meeting between the striking employees and officials of the street railway company.

**ALBERT IS FIRST
KING IN CONGRESS**

Belgian Ruler is Given Big Ovation By Dignified Senators and Representatives—King Makes Talk.

Washington, Oct. 28.—Greeted as "our friend, our defender and our ally," King Albert of the Belgians, stood today before the senate of the United States and later before the house of representatives to fulfill his main purpose of his long voyage to American shores—the expression of Belgium's gratitude for American aid during the great war.

For the first time in history, the crowned head of a monarchial government was an honored guest in the legislative hall of the foremost democracy of the world. Beside him stood the Duke of Brabant, his son and heir to the Belgian throne, and from her place in the gallery, Queen Elizabeth looked down upon a scene unprecedented in history.

Cheers and a thunder of handclapping rang through the staid chamber of the senate as the king entered, escorted by Senator Lodge, while Senator Hitchcock walked beside Prince Leopold. Queen Elizabeth and Mrs. Marshall, wife of the vice president, entered the executive gallery at the same moment.

The king spoke slowly and in a quietly accented English, reading from manuscript written by him in long hand. There was absolute silence while he spoke, but another demonstration of approval came from floor and galleries when he finished.

ROBBERS' LOOT \$54,000.
Cincinnati, Oct. 28.—A checking up by officials of the Alexandria, Kentucky, bank, the local deposit boxes of which were looted by cracksmen Monday morning, showed that the total plunder of the robbers was \$54,000, mostly in Liberty bonds.

**ROYAL BELGIANS
VISIT CAPITAL**

Queen Has Tea With Mrs. Wilson at White House and King Addresses Senate and House.

Washington, Oct. 28.—King Albert, Queen Elizabeth and Crown Prince Leopold, Duke of Brabant, of Belgium are the guests of the nation in the national capital today. From the time the royal guests arrived in Washington last night when they were greeted by Vice President and Mrs. Marshall, members of the cabinet and diplomatic corps, until their departure next Thursday, their time is filled with engagements from morning until night.

Their program calls for an informal tea with Mrs. Wilson at the White House Thursday afternoon but it is probable, in view of President Wilson's improved condition that the guests will be permitted to visit the president informally. King Albert is known to be particularly anxious to greet the president and return the call he received from President Wilson at Brussels.

At 9:45 o'clock this morning King Albert received informally members of the Belgian embassy and during the morning they met and the Duke of Brabant received calls from Vice President and Mrs. Marshall, cabinet officials, the president pro tem of the senate and the speakers of the house.

During the afternoon, King Albert was to address the senate and house of representatives, will be decorated with the distinguished service medal by Secretary Baker and will receive formal honors from the senate. Queen Elizabeth and Crown Prince Leopold also were to visit the capital in the afternoon and her majesty later was to receive women who aided the Belgians during the war. A dinner in honor of the royal visitors tonight at the residence of Vice President and Mrs. Marshall ends the day's program.

**ALLEGES PLOT TO
KIDNAP E. FORD**

Man Claiming to Be Burns Agent Says Four Men Planned to Demand \$209 Ransom.

Toledo, Oct. 28.—Statements of a private detective that he had discovered a plot to kidnap Edward J. Ford, son of the late Senator E. J. Ford, led to the arrest here today of four men.

The informant gives his name as Floyd Gray and he says he came to Toledo from the east in connection with strike disorders and became aware of the plot while stopping at a local hotel.

The prisoners are Richard Ramsey, San Francisco; Eddie Cole, alias Kinney, Louisville, Ky.; Joseph Fisher, New York city and Claude Cameron of Toledo.

Gray claims to be an operative of the Burns detective agency, and he says Kinney revealed the plot to seize young Ford and imprison him in a house in Mount Clemons, Michigan. Gray poses as a janitor during plan for the kidnapping he says.

Gabriele d'Annunzio, the Italian poet, is still in control of the situation at Fiume, despite the appeals of the allies, including his own government, to get out. The Italian battleship "Dante Alighieri" is anchored in Fiume harbor, but refuses to fire on the rebels in the city. In the upper photo, which shows the vessel, armored motor-

cars are seen in the foreground. In the lower picture the poet is seen addressing volunteer Fiume soldiers, who are drawn up with their banners.

**CENTRAL STANDARD TIME
WILL GOVERN ELECTION**

Columbus, Oct. 28.—Central standard time is the legal time in Ohio, and according to a ruling made today by Secretary of State Smith voting booths at next Tuesday's election must be opened and closed on central standard time regardless of the time used by the various municipalities and communities.

Under the ruling voting booths in eastern Ohio, where eastern time is used, will be opened at 5:30 a. m. central time, or 6:30 a. m. eastern time. They will be closed at 5:30 p. m. central or 6:30 p. m. eastern time.

**BOAT HITS PIER
TEN LIVES LOST**

Lake Steamer Sinks In Four Minutes After Wave Drives Vessel Against End of Pier.

Muskegon, Mich., Oct. 28.—Ten persons lost their lives this morning when the Crosby liner City of Muskegon, formerly the City of Holland, while trying to make the harbor here struck the south pier at Muskegon channel and was smashed to pieces sinking in four minutes.

Three of the victims were passengers, the remainder being members of the crew. There were about 25 passengers aboard, but the vessel lay against the pier so that most of them were able to make their way to safety.

The City of Muskegon left Milwaukee in clear weather last evening but was caught in a raging northwester that struck Lake Michigan early this morning. Riding the storm wave Captain Edward Miller urged that debate be postponed to leave the harbor than to turn about. Just as the bows of the vessel came into the channel, a big wave caught it and smashed the craft against the end of the pier.

The force of the impact lifted the heavy craft out of the water and for a few minutes it hung partially suspended from the pier. It was at this time that Captain Miller ordered the passengers to leap to the pier. Dashed by waves that were pounding the vessel to fragments a majority of the scantily clad passengers climbed over the rail. Those who hesitated went down with the steamer a few minutes later when another wave tore the vessel from the pier and sent it to the bottom of the channel.

The crash came within the shadow of the city's main station, but the heavy sea rendered futile efforts to launch life boats.

Launching of boats and rafts from the steamer also was impossible. The exact number of dead may never be known as the passenger list went down with the vessel.

Nothing is left of the ill-fated steamer excepting tons of wreckage strewn along the shore of Lake Michigan.

**GUARDS PATROL DOCKS
AFTER SERIOUS RIOTING**

New York, Oct. 28.—Extra police guards patrolled New York's water front today to guard against a possible recurrence of the serious rioting yesterday when two strikers were shot, scores injured and many arrested in a clash between rival factions of the striking longshoremen.

As the strike entered its 21st day, officials of the United States shipping board appeared to be more optimistic over the situation than they had been for many days. Of the board's 200 ships tied up in the harbor, 25 were worked yesterday—an increase of 15 over Sunday.

The breach between the longshoremen's factions apparently is widening and the insurgents declare they will "fight to the finish."

**SENATE PASSES DRY ACT OVER
WILSON'S VETO; NOW IN EFFECT**

Refuse to Give Unanimous Consent For Vote on Measure Vetoed Yesterday By President Wilson—Warm Debate Follows Move to Call Vote.

Washington, Oct. 28.—The prohibition enforcement bill was passed today by the senate over President Wilson's veto. The section relating to war time prohibition becomes effective immediately upon signing of the bill by the presiding officer of the senate and house.

Washington, Oct. 28.—An effort to have the senate act on a motion to re-pass the prohibition enforcement bill over President Wilson's veto was made soon after the senate convened today. Several Democrats objected and a long parliamentary wrangle over the rules ensued.

When the bill was received from the house Senator Sterling, Republican, South Dakota, who had charge of the measure when it passed the senate, asked unanimous consent for its immediate consideration, Senator Robinson, Democrat, Arkansas, objected, and then Senator Sterling moved that the senate, which is in open executive session for debate on the peace treaty, proceed to executive business.

Objection to laying aside the treaty was made by Senator Hitchcock of Nebraska, the administration leader who has opposed prohibition measures in the past. Although Senator Sterling said he was sure the bill's disposition would require but a very short time, Senator Hitchcock urged that debate be continued, declaring the people were beginning to believe the senate was deliberately delaying the treaty.

Senator Nelson, Republican, Minnesota, chairman of the senate judiciary committee, endeavored to cut off discussion by declaring Senator Sterling's motion non-debatable.

Senator Lenroot, Republican, Wisconsin, who was presiding temporarily, ruled that the Sterling motion was debatable.

The prohibition debate was still in progress when the senate recessed to receive King Albert.

**GASOLINE PUMPS
INVOLVED IN SUIT**

Federal Trade Commission Seeks to Compel Oil Companies to Charge Adequate Rental For Pumps.

Columbus, Oct. 28.—Fourteen oil companies are involved in a hearing before the federal trade commission which opened today in the federal building. The commission is seeking to compel oil companies to desist from leasing gasoline pumps and tanks to retail dealers at rentals which will not yield them a reasonable return on their investment, or to enter into agreements with dealers providing that they shall not dispense from tanks and pumps so leased, gasoline of competing companies.

The companies charged with this infraction of federal trade commission regulations are: Ohio Cities Gas company, Columbus Oil company, and the Independent Distilling company, all of Columbus; White Star Oil company of Baton; Paragon Refining company of Toledo; Standard Oil company of Cleveland; Carlsberg Oil company of Cleveland; Canfield Oil company of Cleveland; Factory Oil company of Akron; Lilly White Oil company of Lima; Springfield Oil Products company of Springfield; Lubric Oil company of Cleveland; Refiners Oil company of Dayton and The Motor Fuel and Lubricating company of Portsmouth.

The basis of complaint in the charges is that smaller companies financially unable to loan, rent or lease tanks at a low as the bigger companies do, are unable to compete with them in the sale of gasoline.

**SAY VETO PROVES WAR
EMERGENCY IS OVER**

Indianapolis, Oct. 28.—President Wilson's veto of the prohibition enforcement bill yesterday was advanced by officials of the United Mine Workers of America as an argument in favor of their contention that the "war emergency" had passed and that the miners therefore are no longer bound by wage agreements entered into for "the continuation of the war."

It is hoped, they said, that the action will swing public opinion their way and aid in securing their demands for a 20-hour week and 60 percent increase in pay, failure of which has resulted in an order for a strike of all bituminous coal miners on November 1.

President John L. Lewis of the mine workers today was on his way from Springfield, Illinois, to attend a meeting of the executive board of the organization here tomorrow. Many members of the board arrived today.

President Lewis also has asked 25 district presidents of the mine workers and members of the miners' scale committee to attend the meeting tomorrow, the action being taken in view of the president's demand that the order for a strike November 1 be rescinded.

Officials at international headquarters here today would not hazard an opinion as to what action will be taken by the executive body, although it has been stated that a reply to the president's demand probably would be drawn up.

Washington, Oct. 28.—Temporarily non-plussed by President Wilson's veto of the prohibition enforcement bill but later greatly encouraged by the senate action, the United Mine Workers yesterday in passing the measure over the President's veto, dry leaders in congress were working today to obtain the necessary two-thirds in the senate.

Leaders of the anti-prohibition forces were equally active, for, through an adverse vote in the senate there still may be a "wet spell" before constitutional prohibition becomes effective next January 16.

Dry leaders in the senate were hopeful of calling up the enforcement bill in the senate today immediately upon the reading of the President's veto message, this action being taken in view of the measure because it provided an enforcement of war-time prohibition, which, he asserted "sound public policy makes clear the reason and necessity for its repeal." Confidence was expressed that the necessary two-thirds would be obtained to override the veto. Should a vote not be reached today, it was considered certain that the measure would be brought to a vote tomorrow.

The vote in the house yesterday of 176 to 55, twenty-two more than necessary, came within three hours after the President's veto was announced from the White House, and followed an uproar in the house chamber lasting from 11 o'clock to 1 o'clock.

MINERS MAY HEED WILSON'S DEMAND TO AVERT STRIKE

Officials See Ray of Hope In Call For Union Officials to Meet.

REPORTS INDICATE ALL
DO NOT WANT TO QUIT

Cabinet Discusses Situation and Prepares to Meet Crisis.

Washington, Oct. 28.—Hope was expressed in official quarters today that the soft coal strike set for Saturday would be postponed, if not called off.

Announcement that John L. Lewis, president of the United Mine Workers of America, had summoned members of the full scale committee to meet the international executive board at Indianapolis tomorrow was accepted as an indication that President Wilson's command to the miners' organization not to plunge the country into industrial chaos might be heeded by the miners.

In full belief that officials of the international union who ordered the strike have power to stop it government officials awaited the next step which must come from the miners.

Confidential reports from the central coal field territory indicated, it was said that not all of the mining army of more than half a million would quit work.

Steps to be taken by the government to deal with the strike, if it takes place will be considered finally today at a meeting of the cabinet. There was a more hopeful view in cabinet circles, but this did not alter the government's determination to be ready with all of its machinery to meet the situation the miners quit.

Meanwhile the administration continued its efforts to expedite movement of coal from the mines by ordering all coal not unloaded by owners within 24 hours to be dumped on the ground so as to release cars for their immediate return to the fields. The offices of the Director General Elmes denied that orders had been issued for cessation of coal for operation of trains.

**OHIO MINERS NOT UNIT
FOR PROPOSED STRIKE**

Bellaire, Oct. 28.—Bituminous coal miners of Belmont and other counties in the eastern Ohio fields do not express sentiments wholly in favor of the threatened strike November 1, of all soft coal miners for a six-hour day and a flat 60 percent wage increase.

"The more radical elements are in favor of the impending and apparently inevitable strike and stand ready to lay down their picks and shovels in a determined effort to compel acceptance of their demands; other factions are only lukewarm and as a general rule reticent regarding the strike and absolutely non-committal as to their own individual attitudes, while the more conservative groups are strongly opposed to a strike."

The hot beds of extreme radicalism are found principally among the lower class of foreigners, residents of this coal county say. Groups of this sort are native-born American miners and more intelligent and thrifty of the foreigners, many of whom have become naturalized.

The miners stand united for wage increases and better living conditions, but through all the strike atmosphere runs a strong desire to relax the uncertainty and misgiving—they want higher wages and yet do not enthusiastically on a long strike which will deplete personal finances and cause destitution for their families and their mining camps and their homes.

Some of the miners say frankly that memory of the privations and suffering that attended the 15 months' strike of (Continued on Page 11, Col. 3)

**X-RAY REVEALS
INJURED SPINE**

Examination of Football player Hurt Here Saturday Shows Vertebra Far Out of Place.

Raymond Kelsey's chance for life depends on the extent of the injury to the spinal cord, resulting from the dislocation of the vertebra in the accident at the football game at White Field Saturday, according to Dr. Harry Hunt. If the cord was completely severed, death is certain. If it is only partially severed, the young man may live, though he probably would suffer partial paralysis, the physician declared.

Dr. Hunt assisted late yesterday in the x-ray examination and the subsequent operation which was performed at Grant hospital, Columbus. The x-ray revealed that the fifth vertebra was far out of position. Dr. C. M. Sheppard, orthopedic surgeon at Grant hospital, performed the operation which restored the bone to its proper position. Dr. Hunt gave the "anesthetic." The examination did not reveal, Dr. Hunt said, the extent of the injury to the spinal cord. He gave it as his belief, however, that the cord was severed, because of the fact that paralysis came so quickly and was so complete.

Dr. Hunt saw the accident and attended the youth on the field. He said the injured youth did not move after he fell. Paralysis was complete from the neck down, Dr. Hunt said.

The x-ray photograph revealed an unusual crack in Kelsey's head, showing that he had not yet lost his first teeth. The plate showed three molars in position above the regular set of teeth, ready to take their place when the first teeth dropped out.

EX-GOV. HARMON DECLARES IN FAVOR OF CLASSIFICATION

Cincinnati, Ohio, Oct. 28.—Former Governor Judson Harmon announced he will vote next Tuesday in favor of the proposed classification of property for taxation.

The declaration of Harmon is expected to have an immense influence throughout the state, particularly in rural districts.

The declaration, too, is expected to cause surprise, as in the past Governor Harmon has been listed among the opponents of classification. In his letter he frankly says that he has been converted by facts.

Mr. Harmon has been considered the father of the Smith 1 per cent law, and in his letter he again says it must stand. But he says it is imperiled unless intangible property can be placed on the duplicate.

Mr. Harmon's letter follows:

"Various causes have prevented an earlier reply to your letter of the 10th instant, requesting my opinion about the pending constitutional amendment authorizing classification of property for taxation.

"Being now only a private citizen, I am always reluctant to volunteer my views on public questions, but since you ask for them, on behalf of your Farmers' Union, I think it becomes my duty to comply.

"I was long doubtful about this change, but the experience of other states with it and of our own without it has led me to favor trying it, as at least a possible relief in the present distressing tax situation.

"Taxing property of all kinds, by a uniform rule, at its true value in money is admirable as a theory, but no way has ever been discovered to make it effective in practice. So land and other tangible property have borne the chief burdens, while intangible property always has stood on the duplicate at a ridiculously low figure. The more drastic the attempt to reach the latter become the more promptly it goes to other states, whose laws are less severe or is the more ingeniously concealed.

"Every adjoining state but Indiana now has classified taxation, and by means of it has certainly succeeded in very largely increasing the revenues from intangible property. With the result that the land and the tangible property actually bear a much less proportion than formerly of the public expense.

"So, to use a classic phrase, we have to deal with a condition, not a theory, and the condition is very bad. The one per cent law, which has proved such a safeguard to owners of farms and homes, is imperiled unless owners of invisible property help out the duplicate. And as attempts to force them have always failed, inducements should be tried. Experience proves that they are glad to forsake the ranks of shirkers when a low tax rate is offered to them, and such a rate applied to the vast amount of such property realizes much more than the full rate applied to such of it as death or accident discloses.

"Wrong as this may be in principle it is a fact, none the less, and a most stubborn one. And for my part I favor giving the proposed change a trial. If it does not work satisfactory it will be easy to discard it and go back to the old method.

"I believe a state income tax would not be an effective substitute, because the way is short and easy for intangible property to take refuge in other states. The Federal income tax does not have this drawback."

PHILLIPS ASKS \$18,000 DAMAGES

Sues Simpson Foundry Company For Burns Suffered When Hot Iron Spilled on Him.

Wesley O. Phillips has filed a petition in common pleas court in which he claims damages in the sum of \$18,000 from the Simpson Foundry and Engineering company, by which he was employed previous to June 9 of this year.

The petition alleges that Phillips was an employee of the company in the capacity of a drayman and that on June 9 a foreman at the plant ordered him to assist in carrying molten iron during the casting then in progress, from the furnace in which iron was melted to the sand molds or flasks on the floor of the foundry building, a distance of approximately 50 feet. It is alleged that while carrying the molten iron along a gangway he struck his right foot against a heavy facing or plank board which extended into the gangway, and losing his balance stumbled against a sand pile and fell, causing the molten iron to pour out of the ladle upon his feet and ankles. It is alleged he was severely burned.

As a result of his injuries Phillips states that for many weeks he suffered excruciating pain and agony and that for the first two or three weeks he was delirious; that he has not been able to work since the accident, and since the injury. He alleges that his loss of time to date has been \$409.50 and that he has incurred hospital and medical expense in the sum of \$441, and damaged in a sum total of \$18,000.

SOLDIER ALLEGES HIS WIFE WAS UNFAITHFUL

Charging that his wife was ejected from a Zanesville hotel when she attempted to register there with another man and secure a room for the night, Thomas E. Raison has filed a petition in the probate court against Mary Blanche Raison.

The parties were married Aug. 17, 1917, and Raison alleges that his wife was guilty of abuse toward him in that she has cursed and sworn at him and called him vile and indecent names in the presence of others; that she was guilty of fraudulent conduct in that she told him she had never been married before and he learned after their marriage that she had been previously married in 1911 and divorced in Gurnsey county in 1913.

Raison avers that while he was in the service of his country, both at home and abroad, he has reasons to believe that she was unfaithful and that in company with another man was ejected from the Palace hotel in Zanesville when they attempted to register as man and wife, because she was known there not to be the wife of the man who accompanied her. He asks for a divorce and all relief to which he may be entitled.

PERSHING TO VISIT OLD HOME.
Washington, Oct. 28.—General Pershing announced today he was planning a tour of inspection of the war industries built up during his absence in France for the purpose of formulating recommendations to Secretary Baker as to what portion should be maintained against another national emergency. His trip will take him as far as the Pacific coast and while away he will visit his home in Missouri.

SCHOOLS CHANGE CLOCKS TUESDAY

The public schools of the city after one day's trial of the old time moved their clocks back and adopted the Central standard time, the same as that given by the court house clock. All of the business houses of the city have adopted the Central standard time and it has been generally accepted by the public and the war and little confusion as a result of the change.

THE PASSING OF THE BUCK.

A western newspaper recently made this observation:

"Bucks that have been passed come home to roost." Which reminds us of the "passing of the buck" by our esteemed city solicitor, when he attempted to excuse his action in trying to prevent this company from charging a reasonable and adequate rate for telephone service. His excuse was that the Council ordered him to do it. We have asked to be shown the order up to now it has not been forthcoming, which naturally leaves an impression that the solicitor never received any order from council. May be this buck will come home to roost, who knows.

SCOUTS LEADERS HEAR TALK ON PSYCHOLOGY

The third meeting of Troop 100 Boy Scouts of America, which is the troop of men training for leadership with boys, was held in the Second Presbyterian church last night at 7 o'clock. The men enjoyed a talk on the psychology of Scouting, by Professor T. A. Lewis, of Denison university, which was followed by instruction in signalling by Scout Executive K. L. Brown. This meeting adjourned early in order that the men present might attend the Roosevelt meeting in the high school auditorium.

The next meeting will be held on next Monday evening. These men are making very good headway in scout work and are becoming real boys again. The troop plans to take a hike within

the next two weeks. The scout executive having announced that he has secured the use of a cabin. This meeting will take the form of a supper meeting with instruction period and other features of the program after supper. Each man has been urged to bring one other man with him.

RASCALS

Biliousness, Headache, Colds,
Constipation, driven out
with "Cascarets"

Why take nasty cathartics, sickening salts, or stomach-turning oils to drive these rascals out? Let gentle harmless Cascarets remove the liver and bowel poison which is keeping your head dizzy, your tongue coated, your skin sallow, your breath offensive, and your stomach sour. Get a box of Cascarets at the drug store and rid your liver, stomach, and bowels of the excess bile, poisons, and waste which are keeping you miserable. Cascarets never gripe, never sicken, never inconvenience. They cost so little and work while you sleep.

A CLEAR COMPLEXION

Ruddy Cheeks—Sparkling Eyes—
Most Women Can Have

Says Dr. Edwards, a Well-Known
Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system. If you have a pale face, sallow look, dull eyes, pimples, coated tongue, headache, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results. Thousands of women and men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then just to keep them fit. 10c and 25c.

Corns Painlessly

Off They Come Like Banana Skin.
2 or 3 Drops, That's All.

There's a marvelous, painless way to get rid of corns, and then there is the peaceful, glorious "next-to-nothing" "Gets-It" way. After you have tried "Gets-It" you will say "never again!"

Can it? Get it? "Gets-It" Peels It! Again! To all other methods. This is because "Gets-It" is the only corn-remover on earth that makes corns peel off just like a banana skin. Two or three drops will do the work, without fussing or trouble. You apply it in 10 or 20 seconds. It dries immediately. "Gets-It" does the best, without bandages, blisters, blood-letting, knives, or razors. Get rid of that corn-pain at once, so that you can work and play without being bothered. Be sure to use "Gets-It." It never fails. "Gets-It" is the only sure, guaranteed, money-back corn-remover, costs but a trifle at any drug store. Mfg. by E. Lawrence & Co., Chicago, Ill.

Sold in Newark and recommended as the world's best corn remedy by Dr. J. Evans, W. A. Erman and R. W. Smith.

PRESENTS PAPER
ON ARMENIA

Travelers Club Hears Story
of Suffering of Christians
Under Turko-German
Rule of Cruelty.

(Special to The Advocate.)
Granville, Oct. 28.—The program presented at the regular meeting of the Travelers' club Monday afternoon in the Community rooms sustained the interest of preceding programs. The paper on "The Armenian Situation" by Miss Daisy Howe, was a vivid pen-picture of the persecutions and sufferings of that long suffering people. Feeding the Army by Mrs. Little Prouty, was a tremendous task, splendidly accomplished. Uncle Sam's larder was never empty. Good food and plenty of it, one helping or half a dozen, the boys never went hungry.

Mrs. Herivel, the president, introduced Miss McCully who is out in behalf of equal suffrage, for a two minute speech which was eloquently delivered.

One of the interesting offerings of the afternoon was the report of the Ohio Federation convention, recently held in Cleveland, given by Mrs. Herivel.

The King's Daughters met for work Monday evening for the benefit of the "Loan Closet" of the Red Cross unit. The only program was the Bible Study led by Mrs. Howard Williams and a brief business session conducted by the president, Miss Little Jones, when it was decided that the organization is to meet every Monday evening at 7 o'clock in preparation for the Christmas Bazaar to be held in Dec. 6th.

It was also decided that the public is not to be solicited for gifts, although voluntary offerings will be gratefully accepted of course. Hostesses for the evening were: Mrs. J. D. Crissinger, Mrs. Bessie Adams and Miss Minnie Wright.

Funeral services were held Monday from the home of Mr. and Mrs. Harvey Williams of Granger street, for the fifteen months old grandchild, Katherine, daughter of Mr. and Mrs. David Jones. Interment was made in Maple Grove cemetery. Mr. and Mrs. Jones whose home is in Cincinnati were visiting at the home of their parents, when the child was taken ill suddenly and in a few hours died in convulsions. The sympathy of the entire community goes out to the sorrowing family in their bereavement.

At the Roosevelt Memorial service held in the Granville public schools Monday the program consisted only of special music furnished by the high school quartet and the address delivered by Mayor C. D. Cooper in tribute to the great American. Members of the quartet are: Misses Marion Cook, Harriet Belt, Katherine Rohrer and Juanita Jones.

A party of four Granville men have gone for a week's camping and fishing on Paint Creek. Those comprising the party are: Dr. J. W. Rohrer, W. S. Thomas, Hubert Robinson and John Thomas.

Mrs. Henry Topping of Japan, who landed last week in San Francisco, has arrived in Granville where she is well known, as the house guest of Mrs. Theodore Johnson. Her son, Willard Topping is a student in Denison.

Mrs. Frank A. Ray went to Columbus Monday evening as a dinner guest of friends.

Denison athletic circles are preparing for the big football contest on Dayton Triangle Field between Miami and Denison next Saturday.

Kappa Phi sorority entertained the pledges following their initiation on Sunday evening with a banquet. Besides the active chapter there were present Mrs. Raymond Knapp of Chicago; Mrs. Karl Eschman, Dresden; Miss Gertrude Poesel, New Bremen; Miss Katherine Irwin, O. S. T.; Miss Mary (Hall) Portsmouth; Miss Helen Longworth, Lima; Miss Katherine Stout, Miss Mildred Klinger and Miss Elsie Baker, Dayton; Mrs. Theodore Johnson, Mrs. Edson Kipp, Mrs. David Beveridge, Mrs. H. P. Darrow, Miss Mary and Claire Geach.

A feature of the evening was the initiation of Miss Annabell Bradstreet of O. W. U., formerly Physics Professor in Shepherd College, who was pledged two years ago, but was not initiated so long as she was on the teaching force in Denison.

It is rumored on credible authority that the faculty of Denison is to present a play in the near future possibly a Bernard Shaw drama.

Four days of incessant rainfall has had a depressing effect on the appearance of the old town, were it not for the asphalt of Broadway and the cross streets Granville's "name" would be mud. Said a visitor from a sunny clime who was met on the street with umbrella and raincoat: "I am getting as web-footed as a duck and growing moss on my back a foot long. I am going to leave this climate, we don't have the amount of rain in a year that you have had during the past month."

Jury Is Excused.
The jurors were excused until Thursday morning. Criminal business will commence Monday, Nov. 10.

Grill Wins Case.
In the case Anna Imhoff vs. Chas. A. Grill, a suit brought to recover for services rendered, the court found for Grill.

Case Is Settled.
In common pleas court in the case of Bernice Dehinger vs. the Ohio Electric Railway company, by agreement of the parties a judgment was entered in favor of the plaintiff for \$100. She purchased a round trip ticket at Newark to Buckeye Lake and return. On the outgoing car the conductor, the woman claimed, took the ticket, tore it in two, returning to her the wrong end of the ticket. She got on the car afterwards at Buckeye Lake to return to

Newark, tendered the remaining portion of the ticket and the conductor demanded fare and upon her refusal to pay, ejected her from the car. She then brought the suit for damages.

The company denied the claims of the plaintiff but settled the case.

DR. BALDWIN TO SPEAK
ON "CANCER PROBLEM"

Under the auspices of the Licking County Medical society, Dr. J. F. Baldwin of Columbus will deliver an address on, "The Cancer Problem," at the First Presbyterian church, Thursday evening 8 o'clock.

Nearly 5000 men and women in the prime of life died from cancer in Ohio in 1918, statistics show. Believing that this high rate may be lowered at least somewhat if the public, nurses and physicians were properly informed, the Ohio State Medical association, through a special committee is launching a statewide campaign of education in regard to this disease.

This interesting and instructive talk of Dr. Baldwin is open to the public.

BEAUTY CONTEST WILL
BE STAGED IN EVENING

There was a splendid meeting of the Jacksonville Grange last evening at the township hall with a good attendance and after the business meeting of the grange had been attended to the committee on the Jacksonville street fair to be held Thursday reported. It was decided to hold the beauty contest in the evening, the judges to make their decision from among the young women present, the winner to receive a present, the presentation being made by Dr. H. H. Baker of this city. The beauty show will not be held on account of the weather, many mothers being unwilling to take their babies out for an extended period at this time of the year. The Thornville band will give an open air concert in the afternoon and evening.

DROP IN TEMPERATURE
FOLLOWS HEAVY RAIN

There has certainly been some remarkable changes in weather in the past few days. Saturday night was exceptionally warm and Saturday night was close and uncomfortable, the thermometer registering 72 degrees shortly after midnight. Sunday it rained, was close and stifling and Monday rained and was as warm as an August day. Monday morning the rain poured down in torrents from 3:30 to 5:30 o'clock and at 6 o'clock the temperature had fallen considerably and the thermometer registered 42 at 6 o'clock. At noon today it registered 54 in the shade.

COMMUNITY LEAGUE
WILL GIVE MUSICAL

The young women of the Community League of this city will stage a minstrel at the Auditorium on Friday evening, November 7, directed by Miss Hall of Des Moines. Criminal business will commence Monday, Nov. 10.

Sought Trees for Protection.
Tree-dwellers are found among savages in various parts of the world. According to the scientists the first habitations of mankind were in the trees as the most adequate protection against the many enemies of the early type of man. It was only in the later period of man's evolution that he was strong enough to hold his own on the ground.

TUESDAY'S ELECTION.

The Newark voter will be confronted with a handful of ballots as he steps into the booth on election day next Tuesday, November 4th and an array of ballot boxes will be at hand the like of which has not before been seen in this city.

Each Newark voter will be given nine ballots. There will be nine ballot boxes in each of the city's 29 precincts and in each of the villages of the county there will be eight ballot boxes, in the township seven. In addition several of the townships where centralization of schools is to be decided will have extra ballot boxes.

Here in Newark each voter will have a ballot upon which he will express his choice between H. A. Atherton and C. W. Kent for mayor and will make his selection for other city officials. Then there is the new judicial ballot carrying the names of Frank A. Bolton and Fletcher S. Scott, one of whom is to be Newark's first municipal judge.

There is also the township ticket for the election of clerk, treasurer and trustee, the new initiative ordinance which will determine whether or not the Newark Board of Education is to be dissolved in favor of the plan of a school system of district service, the ballot providing for the two mill tax levy for construction of good roads in the country, the board of education ballot and the four amendment ballots which provide for classification of property for taxation, and the liquor amendments.

The wet and dry ballots will puzzle many voters unless they give the matter attention before visiting the polls and there is little doubt that some who desire to vote "dry" will vote "wet" and vice versa. Here is a very simple formula by which one may remember how to record his vote in accordance with his wishes and make no mistake.

There are two prohibition ballots, each containing two issues. Each voter is to record his yes or no upon each of the four issues. One ballot is short. The other is long. Yes is a longer word than no. Here is the rule, then, to remember. Give the long answer on the long ballot. Give the short answer on the short ballot. In other words, vote yes upon each issue on the long ballot, and vote no on each issue of the short ballot. Long ballots, long words. Short ballots, short words. That is the way to vote "dry," the way

to keep the saloons out of Ohio. Of course by reversing this process one may vote "wet." Owing to the great number of ballots (it was necessary to print 588 ballots for the coming election) and owing to the increased registration and increased cost of the election machinery, next Tuesday's election will cost approximately \$6,000 in Licking county.

As only three members of the school board in Newark are to be elected and as but three candidates are in the field (J. M. Mitchell, S. W. Haight, Ben Montgomery) comparatively little interest is taken in the board of education.

Only a dozen women registered this fall but the 500 women whose names were already on the registration books have the privilege of voting for members of the school board next Tuesday.

THE CITY SOLICITOR.

The American Tribune seems to be somewhat concerned over the smiling face of Solicitor Ashcraft and well it might be. Smiles are indication of many things. They speak for an abundance of good nature, cheerfulness, balance, vigor and integrity. "The man who can smile, is the man worth while." The distance between a smile and a frown is about the same as that between success and failure. Smiling is not a trained art with Mr. Ashcraft. It is the natural expression of a man who does not know how to carry a grudge. The American Tribune would also have the voters believe that Mr. Ashcraft is writing his own political sketches. We can inform them that this positively is not so. But then, the mere matter of whether a statement is true or false does not disturb their poise or balance when they want to wave. It is true that the Solicitor has had assistance in the trial of some of his cases. It is equally true that the Solicitor was confronted not only with one lawyer as an opponent, but in some cases, a half dozen of them. The city has been involved in litigation that demands assistance. If the corporations can afford to hire high class lawyers to take care of their interest, why should the welfare and interests of the citizens of Newark be placed solely and exclusively in the hands of the Solicitor alone? This city has had some good solicitors, and if any of them ever handled important litigation of the city without assistance, we will have to confess that we cannot recall who they were. May be some solicitor in the future will create a new precedent. We would advise him, however, not to harbor any such inclination or intention. We repeat the statement, "Mr. Ashcraft has been uniformly successful in handling the litigation of the city." And the final results in matters pending will demonstrate the truth of it. Keep on smiling, Mr. Ashcraft. You don't have to toot your own horn. Your constituents will do it for you, and it is not unlikely that the noise they are making is disturbing the gentlemen who are operating the literary bureau for the Republican campaign. Keep on smiling, Henry. We like it, and so do the voters.

IT IS ALL SAID.

(Milwaukee Sentinel)

This Col. House is a sagacious person. Asked for an interview on arriving at New York from the peace conference, he said:

"I have nothing to say. Everything has been said that can be said on every vital subject. We should now begin to work steadily and tranquilly."

The debate on the peace treaty was a good thing. It brought before the American people those defects in the league of nations covenant which necessitate reservations to protect the interests of the United States. It has crystallized public sentiment in favor of these reservations and has broadened the public knowledge of the entire matter.

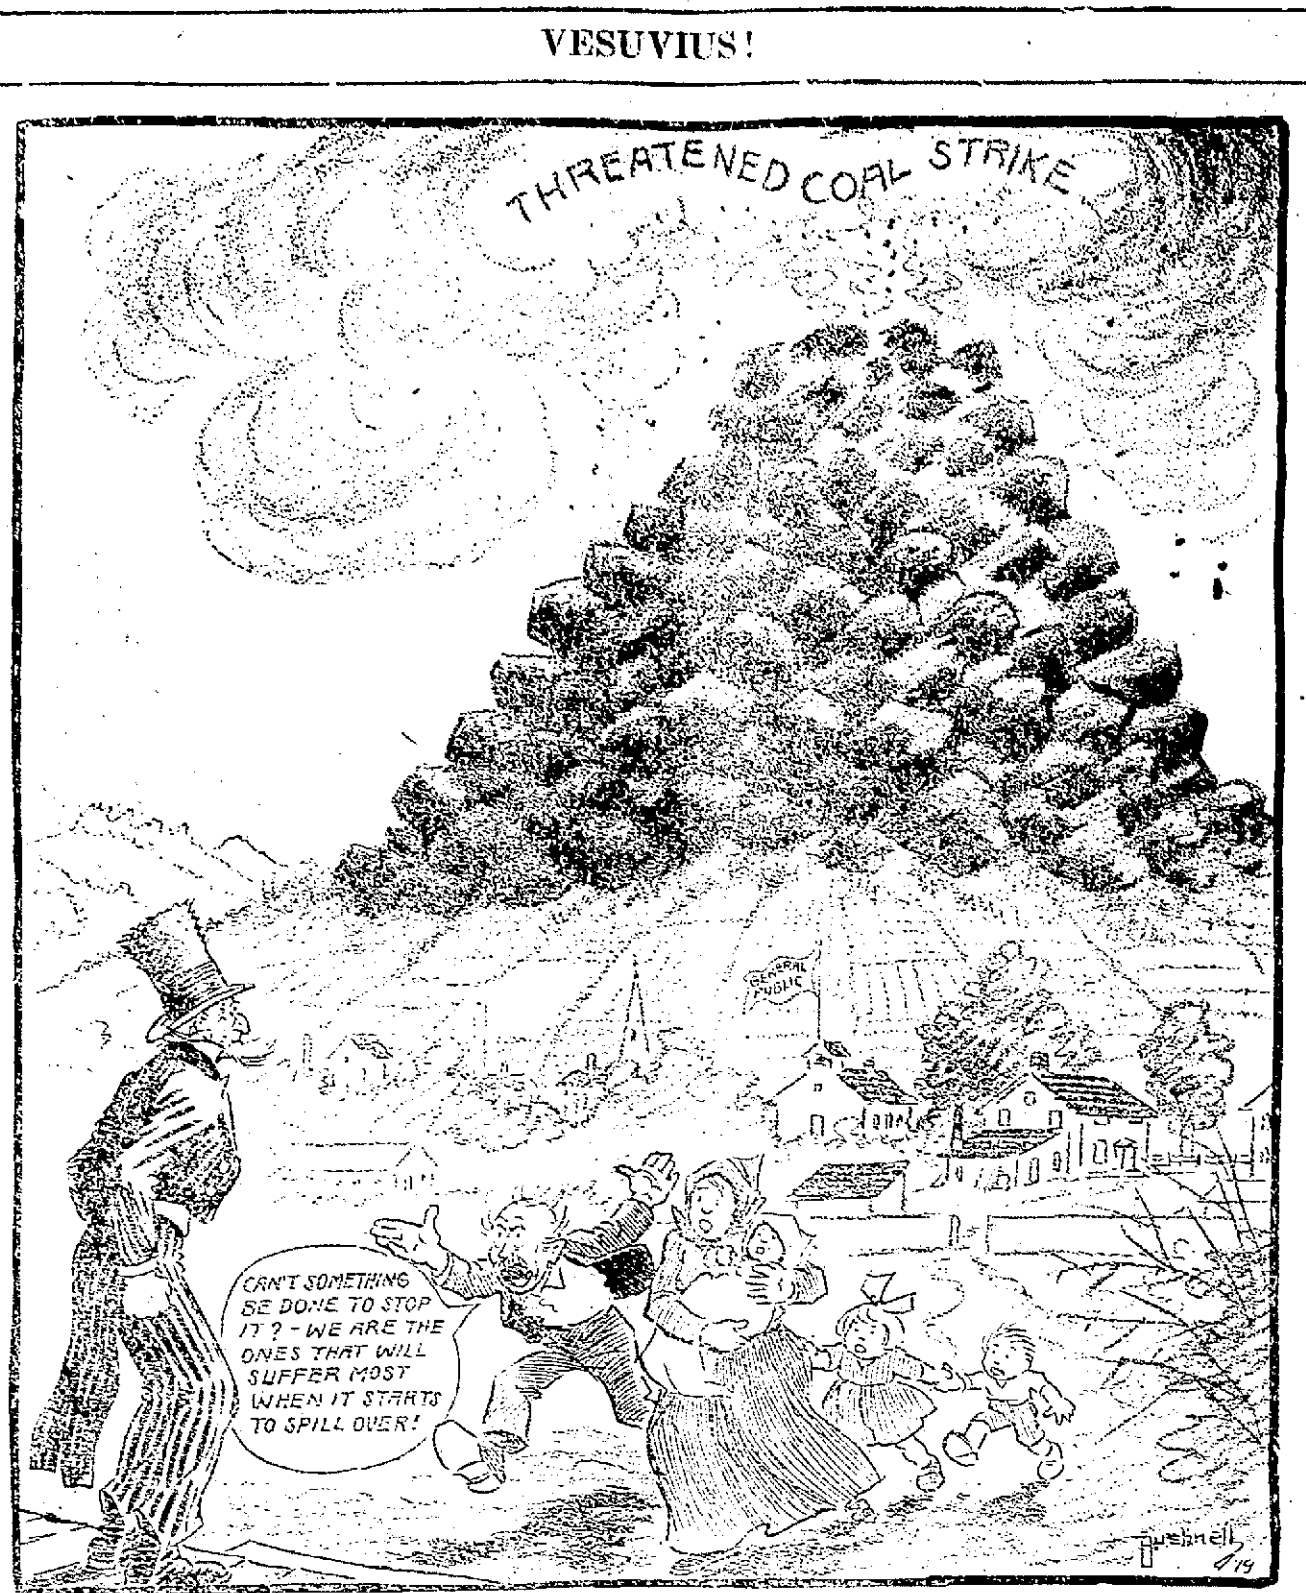

But these desirable ends having been accomplished, as Col. House says, there is nothing more to say. There is no doubt that the mind of every senator has been thoroughly made up as to his vote on the treaty, proposed amendments to it and reservations. Further prolongation of the debate can have no effect either in changing senatorial vote or in making public sentiment. And the longer the debate is permitted to run on, the longer the closing up of the country where internal problems of the gravest character are pressing for solution. The delayed declaration of peace is working to the detriment of the country.

Senators who are prolonging the debate in the belief that they are making political capital are likely to be disabused of this impression.

The peace treaty and the league covenant are going to be adopted with such reservations as will insure the safety of the nation and safeguard the interests of this country. Everyone knows this. Why keep up the senatorial palaver any longer?

Virginia's Deep Oil Wells.

Seeking oil or gas, American companies are now drilling, in northern West Virginia, and southern Pennsylvania, the deepest wells in the United States. One well, near Fairmont, West Virginia, is already 7573 feet deep, and how much further the drill will penetrate remains to be seen. Another well, also in West Virginia, is expected to reach a depth of 8,000 feet, at which it is hoped that oil will richly reward the labor of opening the deposit. The drill, a forty or fifty-foot column of steel, about five inches in diameter and beveled to a V-shaped edge at the lower end, bites into rock as the implement oscillates at the end of a long cable and the wonder of the process is that the driller knows how it is going only by the touch of his own hand on the cable.—Christian Science Monitor.

FOUR FOES.

(Ohio State Journal)

Here is a strong cartoon in the New York Times. Looking in at an open window are four men. They are characterized as Bolsheviki, I. W. W., Striker and Agitator. They have villainous countenances and attitudes. They are looking in at an open window in which two men are sitting, engaged in pleasant conversation. These two men are labeled Labor and Capital. They are listening to each other with the most friendly interest, even exchanging smiles as they quietly argue. The four outside are looking daggers at them and saying, "If they get together it's our finish." That is the fact. If labor and capital get together, down will go the I. W. W., the Bolsheviki, the agitator and the striker. It is only as capital and labor disagree that these enemies of peace, prosperity and labor flourish and all the people suffer. What an awful thing it would be for the country if these four exponents of the ill will, ruin and industrial distress should win the day. Down would go this blessed land of liberty.

SOCIAL AFFAIRS

Evans-Reichert.

Enameled baskets filled with yellow and white chrysanthemums banked the priedeux before the high altar in St. Francis de Sales church this morning when the marriage of Miss Louise Reichert and Mr. Jack Evans was solemnized.

At 8 o'clock, following the processional, Mendelssohn's wedding march, Miss Irene Winters sang "Ave Maria" as Rev. Father O'Boylan read the marriage service. The altar was arranged with tall vases of yellow and white chrysanthemums and candles.

The bride wore a traveling frock of silver blue silvertone with a hat of velvet and silver cloth and grey shoes. Her bouquet was a corsage of bride's roses. She was attended by Miss Mae Winters as bridesmaid. Miss Winters wearing a suit of brown suede cloth with trimmings of seal. Her hat was of brown and blue, and she wore a corsage of sunburst roses.

Mr. Evans' best man was Mr. Edward Fallon.

Following the nuptial high mass a wedding breakfast was served at the Reichert home in South Sixth street. The color scheme for the dining room was yellow and white, the bride's table being centered with a crystal vase of feathery yellow chrysanthemums and yellow candles were in crystal holders caught with yellow maline. About thirty-five guests were present at the breakfast.

Mr. and Mrs. Evans left for a trip through the northern part of the state and will be at home after November 15 in West Locust street.

The bride is the daughter of Mr. and

Mrs. Joseph Reichert, of South Sixth street, and has been employed in the offices of the Wehrle company. Mr. Evans is the son of Mr. and Mrs. W. D. Evans, of West Locust street. He is head of the victrola department of the J. J. Carroll store.

Among the out-of-town guests at the wedding were Mrs. Harry Loar and son, Mr. Emmet Loar, and Mrs. Stal and children, of Columbus.

Simpson-Heney.

Dr. L. C. Sparks officiated at the marriage of Miss Minnie L. Heney and Mr. Frank W. Simpson, Tuesday morning at 10 o'clock. Mr. and Mrs. Simpson will make their home in Newark.

On Thursday evening Mr. Hollie M. Brown, deputy of the county treasurer's office, paid a forfeit by entertaining with an oyster supper at the home of his parents, Mr. and Mrs. R. D. Brown, in Pataskala.

The table was beautifully decorated with chrysanthemums and the place cards were autumn leaves of red and yellow.

The following guests were present: Mr. and Mrs. Will Miles and son, George, Mr. and Mrs. Joe Thompson and daughter, Helen, Mr. and Mrs. Bert Weakley and family, Mrs. Leota Ebbert, Mrs. Verne Marshall, Misses Mary Mayer, Vestal Wilson, Jean Lumm, Lena Beaverbaugh and Messrs. John Brown and Harold Wilson.

Rouse-Barandine.

The marriage of Miss Valentine Barandine, of Le Mans, France, and Mr. Earl Rouse, of 100 Wing street was solemnized at the parsonage of the First M. E. church Saturday afternoon at 2 o'clock. Dr. L. C. Sparks officiated.

The bride groom met the bride while he was stationed with the A. E. F. in

France. He went to New York last week bringing her to Newark where the ceremony was solemnized.

Mr. and Mrs. W. H. Roberts and Mr. and Mrs. O. H. Hammond of Indianapolis are guests at the home of Rev. and Mrs. G. B. Schmitt in North Fourth street. They came to Newark to attend the reception given this evening at the St. Paul's Lutheran church in celebration of the 29th wedding anniversary of Rev. and Mrs. Schmitt. Both Mr. and Mrs. Roberts and Mr. and Mrs. Hammond were members of Rev. Schmitt's first congregation and attended the reception given them following their marriage.

OBITUARY

Mrs. George Brison.
The funeral of Mrs. George O. Brison, was held this afternoon at 1:30 in the home in North First street. Rev. P. A. Ceney officiated and burial was made in Cedar Hill cemetery.

George W. Wilson.
Funeral services for George W. Wilson who died Sunday were held this afternoon at 1:30 in the home in Riley street and were under the auspices of Lemert Post G. A. R. Rev. G. B. Schmitt officiated and burial took place in Cedar Hill cemetery.

Infant's Death.
Burial of the infant of Mr. and Mrs. A. M. Guthrie, of King avenue, was made today in Cedar Hill cemetery.

Great Britain now lays claim to more than 4,000,000 women trade unionists.

PERSONAL

John R. Carr of Mansfield spent Sunday with his parents Mr. and Mrs. John F. Carr of North Fourth street.

Mr. and Mrs. M. T. Daniel of Columbus, John Tugh of Columbus and Harry Busch of McKeesport, Pa., motored to Newark to spend Sunday evening at the home of Mr. and Mrs. George Hamilton.

Mrs. Henry Jones and daughter Beatrice of 10th street, spent Sunday in Cranville with Mr. and Mrs. Jenkin Jones.

Mrs. Patrick McGinley was removed from her home, in Indiana street, to the City Hospital in the Eazler ambulance.

Rev. Charles H. Armstrong, former school teacher of this city, now a Lutheran minister at Shelbyville, Tenn., is here with Mrs. Armstrong, after an absence of seventeen years, visiting for a few days at the home of Edward Armstrong, of South Third street. Mr. and Mrs. Armstrong expect to remain until next Saturday.

Fair Adams, who has been overseas for the past year, has returned to Newark.

Stewart Sedgwick, of Cincinnati, is visiting his parents, Dr. and Mrs. W. H. Sedgwick, in Hudson avenue.

HARDING MAY DECLARE HIS INTENTION FRIDAY

Columbus, Oct. 28.—Definite announcement as to whether he will be a candidate for the Republican nomination for president, or seek re-election in 1920, probably will be made by Senator Warren G. Harding, of Ohio, in Columbus, Friday at a meeting of the Republican state central committee, according to special advices today from Washington.

REV. W. H. HICKMAN DIES TUESDAY P. M.

Rev. William H. Hickman, pastor of the Primitive Baptist church, died this afternoon at 1 o'clock in his home, 137 West Locust street. Death followed a long illness of complications. He was 76 years of age and had been pastor of the church in Western avenue for 18 years. He is survived by his wife, a son, Fred, at home, and two daughters in Zanesville.

Arrangements for the funeral have not been made.

BABY'S FINGER PRINTS DEFENDED BY COURT

New York, Oct. 28.—Baby finger prints on the wall paper are the finest example of mural art. This was the decision handed down in the Bronx municipal court by Justice Robtze in dismissing a suit to recover alleged damages because a baby had blemished the interior decorations of an apartment by tripping all its own.

"This would be a happier world to live in," the justice said, "if baby fingers could only make their imprint on the hearts of men and women. I would rather see the print of baby fingers on the walls of my house than have them adorned with the world's masterpieces."

Gets Quick Relief from Sore Throat

During the coming raw days of fall and winter you are particularly apt to develop sore throat, lumbago and stiffness of the muscles. Children also are more apt to contract colds and kindred ailments at school. Be prepared. A bottle of Houstonia in your home is your safeguard.

Mrs. C. E. Rieder, 959 East Long St., Columbus, Ohio, says: "I am troubled with a weak throat and every cold I contract settles there. I find Houstonia liniment the best remedy I have ever used. One application always relieves my sore throat."

It's easy to use Houstonia — no pain, smarting or blistering. It sterilizes open cuts, burns, scalds or bruises and soothes while it heals. Ask your druggist for Houstonia — (The Original Jones' Liniment), \$1.00. Half size 50c, trial size 25c. Dr. J. C. Jones Co., St. Charles, Ohio.—Adv.

Antiseptic Candy Will Drive Out Disease Germs

How seldom we think of the food we eat every day as a source of disease germs and poisons. Not quick-acting, but slow, insidious and deadly, food which is allowed to lie in the intestines too long ferments and decays and the germs which it carries multiply by millions in this most prolific of all breeding grounds.

This menace to good health can be quickly and easily removed if taken in time by the use of Puritia Candies—"The Doctor in Candy Form." They are delicious peppermint candy tablets with valuable antiseptic and laxative properties, but without the slightest "medicine taste."

They invigorate the stomach and help it do its work; clean the bowels and liver of all accumulated impurities and poisons; help to purify the blood; put renewed life and energy into the whole system, and have valuable antiseptic effects upon all of the digestive organs.

Puritia tablets are used by thousands of folks, young and old, all over the country. Get a package from your druggist today and note their gratifying action. At all drug stores, 25c, 50c and \$1.00 boxes. Trial size, 10c.

VIGOROUS MEN AND WOMEN ARE IN DEMAND

If your ambition has left you, your happiness has gone forever unless you take advantage of T. J. Evans' magnificent offer to refund your money on the first box purchased if Wendell's Ambition Pills do not put your entire system in fine condition and give you the energy and vigor you have lost.

Be ambitious, be strong, be vigorous. Bring the rugged glow of health to your cheeks and the right sparkle that denotes perfect manhood and womanhood to your eyes.

Wendell's Ambition Pills, the great nerve tonic, are splendid for that tired feeling, nervous troubles, poor blood, headaches, neuralgia, restlessness, trembling, nervous prostration, mental depression, loss of appetite and kidney or liver complaints.

You take them with this understanding that: In two days you will feel better; in a week you will feel fine, and after taking one box you will have your old time confidence and ambition or the druggist will refund the price of the box.

Be sure and get a 50 cent box today and get out of the rut. Remember T. J. Evans and dealers everywhere are authorized to guarantee them.

REMARKABLE DISCOVERY

Simple Home Preparation to Ward Off Spanish Influenza, Pneumonia and Winter Ills.

During last fall and winter the discovery was made that the most successful treatment in many instances was to take a steaming hot cupful of Bulgarian Blood Tea with the juice of half a lemon. CAUSED A CHANGE IN MIND

Circumstance That Made Mill Owner Somewhat Relax His Ideas About Strict Discipline.

"I personally began with the idea that people might be hired and good work gained from them," Julian S. Carr, Jr., in System, writes. Mr. Carr, who is president of the Durham Hosiery mills, goes on: "I thought in my youth that rules made order and that a certain military discipline was essential; that it was foolish to humor people and all that, nor was I going to recognize certain local traditions about days on which no work should be done. For instance, I made up my mind that quitting work to go to the circus was not in accord with the best industrial practices."

"The first circus came to town about three months after we took charge of the mill, and I was keen for the test. We posted positive orders that the regular hours of work were to be observed on that day, and that any person who went off to the circus would be discharged. The full force reported as usual on the morning of circus day, and I went home to dinner confident that at last we had brought order. It gave me a bit of a pang, for I should have liked to go myself!

"But duty is a stern master, and reflecting on that fact I hurried back to the mill. Noticing a crowd in a side street, I stopped to look. It was our whole mill force wending its merry way to the magic tent! I went along myself, and resolved that, although abstract rules were well enough, a bit of common sense and knowledge of human nature might profitably be blended with them. How much of our labor trouble generally is due to enforcing countless rules with military exactness?"

MANIFOLD USES OF THE OX

Animal May With Truth Be Said to Be Most Useful of All the Domestic Animals.

Of all our domestic animals the ox is certainly the most useful, writes Henri Fabre in Our Humble Helpers. During its lifetime it draws the cart in mountainous regions and works at the plow in the tillage of the fields; furthermore, the cow furnishes milk in abundance. Given over to the butcher, the animal becomes a source of manifold products, each part of its body having a value of its own. The flesh is highly nutritious; the skin is made into leather for harness and shoes; the hair furnishes stuffing for saddles; the tallow serves for making candles and soap; the bones, half calcined, give a kind of charcoal or bone black used especially for refining sugar and making it perfectly white; this charcoal, after thus being used, is a very rich agricultural fertilizer; heated in water to a high temperature, the same bone yields the blue used by carpenters; the largest and thickest bones go to the turner's shop, where they are manufactured into buttons and other small objects, the horns are fashioned by the maker of small wares into snuff boxes and powder boxes; the blood is used concurrently with the bone of black in refining sugar; the intestines cured, twisted, and dried, are made into strings for musical instruments; finally, the gall is frequently turned to account by dyers and cleaners in cleaning fabrics and partially restoring their original luster.

Curious Clubs.

The recent announcement that an English "Bald-Headed Men's club" had just met—the first time since 1916, owing to the war—serves to recall one or two odd clubs.

"The Fat Man's club," for instance, was known to exist in Paris in 1897. Its highest member turned the scale at 336 pounds and the chief qualification for membership was to weigh at least 220 pounds.

About this time there also met in New York the "Society of the Pointed Beards"—a most exclusive club. No one was eligible unless he had a carefully cultivated beard of natural growth and terminating in one symmetrical point half an inch from the apex of the chin.

At two club dinners in 1898 even the celery was served with its leaves trimmed to a point.

Thomas a Kempis.

"Here in the service of the Lord Thomas a Kempis lived and wrote The Imitation of Christ," are the words that appear on the foot of the monument to the author recently erected at Zwolle. In a gentle spot, surrounded by ancient oaks and firs, and with shrubbery around, this monument stands on a hill which was presented for the purpose by the van Royen family. The monument is in the shape of a cross with the monogram of Christ and the symbols of the four evangelists. The inscription on the main part is "In Cruce Calvus."

Many subscriptions were received for the monument as soon as the plan was suggested in 1916. Queen Wilhelmina was among those who gave.

Coating Iron With Lead.

Lead as a substitute for tin as a coating for sheet iron, iron wire and wire gauze was strongly advocated at the Buffalo meeting of the American Chemical society by Charles Baskerville, who exhibited some specimens of a process worked out by him.

Iron shingles, so treated, have been exposed to the weather in a roof test for two years and eleven months and show no signs of rust. They may be bent without cracking the coating and exposing the iron. Chicken wire so treated is quite as good as the galvanized and cheaper to produce.

Nearly all the auto bus conductors in Manila are women.

TOBACCO HABIT DANGEROUS

says Doctor Connor, formerly of Johns Hopkins hospital. Thousands of men suffering from fatal diseases would be in perfect health today were it not for the deadly drug, Nicotine. Stop the habit now before it's too late. It's a simple process to rid yourself of the tobacco habit in any form. Just go to any up-to-date drug store and get some Nicotol tablets; take them as directed and lo, the pernicious habit quickly vanishes. Druggists refund the money if they fail. Be sure to read large and interesting announcement by Doctor Connor soon to appear in this paper. It tells of the danger of nicotine poisoning and how to avoid it. In the meantime try Nicotol tablets; you will be surprised at the results.—Adv.

B. & O. OPERATOR GIVES PRAISE TO DR. PARKER

The story of Geo. B. Plumley, Division Operator of the B. & O. is of interest to all who suffer from stomach trouble. He says: "I have every reason to believe that a few years ago Dr. Parker's Treatment for indigestion and constipation saved my life." He goes on to tell of the tortures he suffered, how miserable and run-down he became; of hopeless visits to specialists and health resorts; of a friend advised this treatment; of the quick and permanent relief it gave him. Finally he says: "I have recommended Dr. Parker's Treatment thousands of times and never know it to fail."

I am so positive that my treatment will relieve indigestion and constipation that I authorize your druggist to return your dollar if it fails in your case." Geo. B. Parker, M. D., Athens, Ohio.—Adv.

"The Right to Happiness."
Manager Fenberg offers starting this afternoon and running over tomorrow evening the big eight-reel Universal special photoplay feature "The Right to Happiness," a story by Allen Helbar and Olga School and which is said to be the greatest love story ever told, with Dorothy Phillips as the star. Follow we give you the story and if you want to see one of the most wonderful photoplays ever screened, then see "The Right to Happiness."

At the edge of the Jewish quarter of old St. Petersburg, 19 years ago, lives Andrew Hardcastle, an American millionaire, with his motherless twin girls, Dorothea and Vivian. Hardcastle goes away overnight on a business trip leaving the girls in care of their Jewish nurse. During his absence a Cossack pogrom against the Jews out. Hardcastle's home is burned, the

Enemies" embody the timeliest problem of today, but it presents that problem in so moving and dramatic a story, with so deft a mixture of humor and pathos, of just and gravity, of fun and seriousness, that it has proved irresistible. It has appealed to men and women and children of all classes and conditions, not only in the United States but in England and Australia. In these three countries its success has been equally sensational and equally unprecedented. The play will be presented by a notable company. Seats now selling.

"Tillie."
Another new feminine star in the theatrical firmament will be seen at the Auditorium Saturday, matinee and night, the same being dainty Patricia Collinge who created the leading role in "Tillie," a new comedy dealing with life among the Pennsylvania Dutch.

nurse is killed and the girls are separated, Dorothea being adopted by a Jewish family and reared in radicalism. Hardcastle finds Vivian, takes her back to America, where she is brought up in idleness and luxury. The Russian twin becomes a radical leader, dominates the meetings and is finally sent to America to stir up unrest and strife. She is accompanied by Paul, her adopted brother, a peace-advocating adorer, and by Sergius, the fox, a sneaking Russian, also leader in the radical cause.

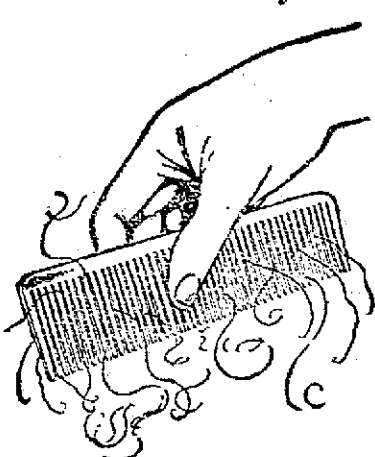

Hardcastle has become money mad, intent on extorting the last penny and the last drop of blood from his associates and workmen. He refuses to employ returning soldiers, which results in a quarrel with his partner, Henry Forrester. The men quarrel and go their own ways. Forrester, an idealistic though practical American, runs his factory on a different basis and thrives.

one of the most curious groups of people now living in this country when seen in all their pristine glory in the small communities off the railroads, in such a community as furnishes the background for the play.

Time was when the making of feminine stars was a matter of almost weekly record and countless of the promising young women who were elevated to this dignity not so many years ago have since drifted back into the ranks of the merely "featured," or figure only, after the fine reading "among the other members of the cast are— In recent years only a small number of young women have been made stars, an almost of these have weathered the storm, more particularly Laurette Taylor, Ruth Chatterton, Doris Keane, Jane Cowl, Marjorie Rambeau and Elsie Ferguson. One of these, Doris Keane, has deserted America for London and Miss Ferguson

cleanly funny situations, loves charming music and likes to see pretty youthful girls, gorgeously gowned, can afford to miss "Oh, My Dear," the sixth New York Princess theater musical success, which is seen at the Auditorium theater next Monday night. The fact that F. Ray Comstock and William Elliott, sponsors for the previous notable musical productions at the famous New York playhouse are also sponsors for this, is guarantee enough of its excellence. Guy Bolton, P. G. Wodehouse, and Louis A. Hirsch supply the book, lyrics and music, and the cast includes Miss Estaire Keye, Miss Mildred Donnelly, Rollin Grimes, Mr. Spencer Charles, Miss Wayne Nunn, Miss Olive Shelly, Mr. Earl Reading, Miss Martha Voight, Mr. Del Marie, and Miss Helen Frances.

Freckles.
Those who have read Gene Stratton-Porter's charming story "Freckles" and loved the nameless wait for his manly spirit, his light wit, Irish lore, and his beautiful songs, and who reverence "Swamp Angel" for her beauty and her chaste, womanly character, will meet no disappointment in the play. "Freckles" is proving still a greater success as a song play than the novel, which has been read by several million people.

It must not be understood that "Freckles" is a play essentially with a love motive, because it is not. There is plenty of action in the working out of its theme of the kind that "makes the pulse beat faster."

The play is great in its simplicity, the story is of absorbing interest, an estimable example of the value of doing right against all temptation. The Broadway Amusement Co.'s, see.

WAS LIKE MAGIC FOR WELL KNOWN COLUMBUS MAN

Declares he was about ready to take his bed from kidney trouble, indigestion and disordered stomach.

Now he can't say enough in praise of the new medicine Drego, for the great relief he obtained.

"I was just about ready to give up and go to bed, but hearing of the great work the new medicine, Drego, was doing, I secured a bottle, and it seems almost like magic what it did for me," are the words, in signed statement for publication, made by Mr. J. T. English, the well-known plumber of South Columbus, Ohio.

"Ever since I was a boy I've had a weak stomach, suffered agonies from cramping, gastritis, swelled up feeling after meals and watery belching. I think my stomach disorder brought on my kidney trouble. I had heavy, dull pains in my back, loins and hips. It pained me to stoop over or bend about. "Since giving Drego a fair trial, I'm like a different person. All those pains have been relieved, the drowsy, tired feeling passed away, and my stomach, which in years, in fact, I'm feeling better than in many a day; after this Drego gets all the credit from me."

When the stomach becomes deranged so that the food fails to digest but lies in the stomach forming gas, causing a full sensation, when the back aches and kidneys do not function properly, when the bowels are constipated and you have headaches, dizzy spells, coated tongue, and the nerves are on edge, get a bottle of Drego, and see the change in your condition in a week's time.

All good druggists now sell Drego, and it is highly recommended in this city by Evans' Cut Rate Drug Store.

Two screenings, both afternoon and evening, will be given.

Friendly Enemies.
Millions of people have already seen "Friendly Enemies," the international comedy success which A. H. Woods will present at the Auditorium on Thursday evening for an engagement for one night only, and millions more will see it before the phenomenal run of the piece is brought to a close. It is safe to assume that when the history of "Friendly Enemies" is written, it will be found that more than three-fourths of the present generation of English-speaking playgoers had seen the place. Not only does "Friendly

son has gone in for moving pictures exclusively. The newer figures among the Chilling ranks include Alice Brady, Mary Nash, Florence Reed and Florence Nash, all of whom have come into stellar fame this present season.

Miss Collinge has certainly had as wide an experience as most of the young women who have been advanced with her this present season. These three years she has been identified with the leading role in "Pollyanna" which she created and which she played until being glad perpetually under all sorts of conditions threatened to send her naturally gentle disposition.

GRAND

"When Men Deceive" a drama of domestic life featuring Gale Kane and Stuart Holmes is shown at the Grand theater this evening. It points out that it's the man who thinks he can have two loves and "get away with it" while a woman must pay the price if she attempts to play with the affections of another man.

The story is woven around the domestic troubles of a man who married for pleasure and a woman who married for love. The husband soon tires of his wife, and is lured away from

As Regima Barry, the girl whose home is ruined by Frank, and who later falls in love with him, beautiful Steena Owen finds her third opportunity as the star's leading side.

The part demands refinement, distinction and sympathy besides exquisite feeling and emotional force. Miss Owen acquires herself superbly and at all times is an uncommonly lovely, carefully-nurtured American girl.

As an added feature there will be shown Miss Gale Henry in "Don't Chase Your Husband" Thursday and Friday Miss Bessie Barriscale will appear in "The Woman Michael Married" together with a Tally West Comedy.

In the very near future there will be shown at the Grand the first Big Four picture that has been released, entitled "The Majesty of America," featuring Douglas Fairbanks supported by a specially selected and very large cast.

Happy Mothers

Many mothers who in order to keep the home neat and attractive, the children well fed and dressed, continually overdo.

The experience of motherhood alone causes a severe strain upon the system, from which many women recover slowly, and serious feminine disorders may develop unless great care is taken to prevent them.

To such women Lydia E. Pinkham's Vegetable Compound is invaluable. For many years this root and herb medicine has been recognized as the standard remedy for woman's ills, restoring them to a normal, healthy condition.

Mrs. Morgan's Case

East Hampton, N. Y. — "For two years I suffered with a female weakness, pains in my back and painful periods, and I was so weak and tired that I was not able to do my work. A friend told me to use Lydia E. Pinkham's Vegetable Compound and it gave me great relief. My pains left me and I am now able to do my work and feel fine. You can publish my testimonial and if your Vegetable Compound does others as much good as it has me I will be very much pleased."—Mrs. CHARLES E. MORGAN, CARE OF E. L. Dennett.

A Word to Childless Women

There are women everywhere who long for children in their homes yet are denied this happiness on account of some functional disorder which in many cases would readily yield to Lydia E. Pinkham's Vegetable Compound.

Such women should not give up hope until they have given this wonderful medicine a trial.

NEURALGIA AND HEADACHES HAVE BEEN CORRECTED

Another Indiana Woman Is Glad
to Recommend Dr. Williams'
Pink Pills

"My illness started from a cold,"
relates Mrs. A. J. Renshaw, of No.
410 South Fourth street, Terre Haute,
Indiana. "It left me with bronchial
rheumatism and I paid little attention to
it at first. My illness kept getting
worse. Gradually neuralgia develop-
ed and there was a sharp, intense
pain that seemed to make me short of
breath. When the pain was at its
worst I became very nervous and
couldn't draw a long breath without
pain.

"There were also frequent headaches
and I worried a great deal. My sleep
did not seem to refresh me and I was
always tired. Nothing helped me
one day, after reading about Dr. Wil-
liams' Pink Pills, I decided to give
them a trial. In a few days I was
convinced that the pills were helping
me and continued the treatment until
the pain entirely disappeared. I no
longer have headaches and feel well
and am able to do my work. I am no
longer nervous and feel better than I
have in months. I cannot speak too
highly of Dr. Williams' Pink Pills."

Dr. Williams' Pink Pills for Pale
People are sold by your own druggist
or will be sent direct by mail, post-
paid, on receipt of price, 50 cents per
box, six boxes for \$2.50. Write to the
Dr. Williams Medicine Co., Schenec-
tady, N. Y., for free nerve book with
a special chapter on neuralgia.

Ducks Plentiful at Lake.

Quite a few ducks are being bagged
at the lake and some report them as
coming in occasionally in large
flocks. The rabbit season does not open
until Nov. 15, but it is reported that
scores of them are being slaughtered
especially in the southern part of the
county where they are so numerous
that they have been ruining young
orchards. During the season the rab-
bits may be bought and sold on the
open market, the season lasting from
Nov. 15 to Jan. 1.

MINERS MAY HEED

(Continued From Page 1)

Ohio soft coal miners in 1914 is too
fresh for them to relish a repetition of
those conditions.

Despite the unity of attitude as to
higher wage scale, a wide divergency
of opinion exists among the miners as to
a change in working hours. A large
majority of Belmont county miners are
diametrically opposed to a six-hour day
and a five-day week, preferring to re-
tain the eight-hour day and a 44-hour
week.

Miners of Belmont county do not be-
lieve the threatened strike will last two
weeks, but express the opinion that if
it lasts a month it will continue
through the winter.

The men are working as energetically
as possible this week, in an effort
to mine as much coal as possible, so
as to swell pay checks.

Many east Ohio miners anticipating
a long strike have migrated to West
Virginia where they have gone to work
in non-union mines. Others who had
anticipated returning to their homes
in Europe next spring, are speeding re-
turns and preparing for immediate de-
parture the minute the strike begins.

WEST VIRGINIA GOVERNOR

CALLED HOME BY MINE BLAST

Winchester, Va., Oct. 28.—Governor
Cornwell of West Virginia, who has
been visiting his brother here, left
hastily today for Charleston for Char-
leston, carrying a message that a coal mine in
Raleigh county had been blown up
and that the situation there was se-
rious. The governor said the message
gave no details.

Charleston, W. Va., Oct. 28.—W. J.
Heatherman, chief of the department
of mines, said he had no information
concerning the blowing up of a mine in
Raleigh county. He did have, he added,
a report that three mining machines
and three pumps of the Pemberton
Fuel company at Pemberton had been
destroyed by an explosion some time
between the closing of the mine last
Monday and the resumption of work
Monday.

CHICAGO SWITCHMEN

MAY STRIKE THURSDAY

Chicago, Oct. 28.—Twelve thousand
members of the Brotherhood of Rail-
way Trainmen embraced in 14 lodges
in the Chicago switching district to-
day were ready to strike Thursday
unless wage demands filed July 3 last
were met "in full" and a vote on the
proposition by the other lodges of the
150,000 trainmen throughout the coun-
try was underway. Headed by W. G.
Lee, president of the brotherhood, a
committee of 23 tomorrow will confer
at Washington with Walker D. Hines,
director general of railroads, and in the
event the demands are not met have
been empowered to call out all passen-
ger and freight brakemen, suburban
service men and yardmen. The action
of the Chicago district trainmen was
taken at a secret meeting Saturday
night.

CALENDAR BOY

BECOMES CONSCIOUS

The condition of John Callender, the
8-year-old son of Mr. and Mrs. J. F.
Callender who suffered two fractures of
the skull Saturday evening when he
was struck by a machine, is encour-
aging. Mr. Callender stated this morn-
ing that the child regained conscious-
ness Monday evening and recognized
his parents and that he was awake for
about ten minutes. This morning he
was restless and a little delirious, but
is getting along very well consider-
ing the extent of his injuries. Mr. Cal-
ender also said that this condition will
probably last a few days but that they
have no doubt that the child will re-
cover.

CARNEGIE PLANT HAS

TWO HEARTHS STARTED

Youngstown, Oct. 28.—Two more
open hearth furnaces were started to-
day at the Ohio works of the Carnegie
Steel company, observers reported and
officials said that another finishing
mill would be operated during the day.
About half of the Mahoning valley's
open hearth furnaces are now in op-
eration except at the Republic Iron and
Steel company where a smaller per-
centage is producing. Observers at
the plants this morning, though strike
headquarters claims that the strikers
are holding their own. The valley con-
tinues quiet, with little picketing and
no disorder. Rain this morning kept
pickets at home.

PRESIDENT STILL GAINING.

Washington, Oct. 28.—President Wil-
son continued to show progress said a
bulletin today by his physicians. The
open heart of the president's condition, his
progress continues. He takes his
luncheon and dinner in a semi-sitting
position which adds greatly to the en-
joyment of his food and causes him
no fatigue.

Y PLANS EXTRA STUNTS FOR HALLOWE'EN PARTY

There have been Halloween's and
Halloween's at the Y. M. C. A. in the
years gone by, but all the Halloween's
will not compare with the one planned
for this year as scheduled by Secretary
Lender. It will out-Halloween all pre-
vious occasions.

The date will be Friday night at 7
o'clock. Halloween will come this
year, as far as the Y is concerned, on
October 31. Last year, on account of the
flu, Halloween was not cele-
brated until a month later.

Decorations are already up in the
lobby on the first floor. The custom-
ary gold and black streamers are
festooned around the room with pump-
kins and witches here and there.

Stunts have been arranged in nearly
all the rooms. It is thought best not

to tell what new mysteries are in-
vented for this occasion.

A special prize will be offered for the
boy or girl wearing the funniest cos-
tume. Every one coming is expected
to be clothed in appropriate dress to
present himself before the ruling
witches and hobgoblins.

NOTICE TO VOTERS

The board of election will be in ses-
sion at their office, 10 North Fourth

HEISEYS WIN VICTORY OVER COSHOCTON TEAM

When Right Half Fernow of the Heisey team recovered a fumble in the third quarter of the game at Coshocton Sunday afternoon, he paved the way to a touchdown. Fernow ran 85 yards for a touchdown, giving the glass workers a 6 to 2 victory.

Coshocton showed the best defense but Newark's forward passing and open field running netted the Heisey men big gains.

Shortly before Newark's touchdown was scored, Newark held Coshocton for downs on Newark's 10-yard line. Fernow attempted to punt and the ball bounded back of the goal where Fernow was held for a safety, scoring two points. The line-up and summary:

IT'S UP TO PEOPLE TO KEEP ORDER COX SAYS

Columbus, Oct. 28.—Responsibility for maintaining order in Ohio communities was placed yesterday directly upon the citizens of the community by Governor James M. Cox when he told H. H. Himken of Canton that the sheriff was empowered to deputize citizens to quell disorders and they were bound to serve.

Mr. Timken said he did not believe Mayor Poorman grasped the seriousness of the strike situation. "If we would have had an Ol Hansen as Mayor we might have prevented the disorder," said Timken, "but we did not have and I do not believe that any mayor could handle the situation now."

Addressing the business men the governor said:

"You men live in the community of

William McKinley, a city of very honorable traditions and yet I have a telegram here on my desk from the sheriff of your county and a judge of the court stating that an injunction has been granted by the court to prevent rioting and you cannot find officers in your county to enforce that decree. I deny that. Your sheriff has the right to deputize you men."

"And you Mr. Timken" said the governor, turning to the Canton manufacturer "are bound to serve."

The governor then turning to Judge Harter asked him if he did not believe the citizenship would respond to an appeal of the sheriff and mayor to aid in suppressing lawlessness.

"The people of Canton are law abiding citizens," said Judge Harter, but they're not armed. "I know of places where murder and violence have occurred that would not have occurred if the state had acted promptly," continued Judge Harter. Judge Harter told the governor he should not expect unarmed citizens to combat armed mobs

of foreigners. He told the governor that he thought he was making a mistake in not sending troops forthwith. "It's time for the governor as well as the people to be active," said Harter.

"Isn't the governor active in having troops at your very door?" Cox asked.

"Well he's active that far," Harter replied, adding that the committee of citizens believed that the thing to do was to send troops into Canton.

Harry B. Jones of the United Alloy Steel company, pleaded with the governor to send troops, as also did George R. Charles of the Decker Manufacturing company, who said mobs were beating up their workmen.

Jones said a delegation of his workmen had asked him to appeal to the Governor in their behalf for the troops. He said 1800 out of the 3300 employees at the United Alloy plant were foreigners and that they were causing the trouble.

Upon being reminded that Sheriff Cathon, who did not attend the conference, was also unable to handle the

situation in the county outside the city, the governor said he regretted he did not have authority to suspend him too.

Last Night's Show.

"An Innocent Idea" was presented to a well filled house last evening at the Auditorium theater by a well balanced and capable company, headed by Robert Emmet Keane and Claire Whitney, well known moving picture actresses with the Fox Film Corporation.

The comedy, uproariously funny, is in three acts and is built around a young man's suite in the Battle Rapids Hotel, and for two hours and a quarter the audience is kept in a most excellent humor. The final drop of the curtain sent every one away feeling that they had been highly entertained. The production was unusually well staged.

THE OLD RELIABLE JEWELRY STORE OF NEWARK.

Sale Commences Saturday, Nov. 1 at 2:30 and continues Daily at 2:30 and 7:30 Until Entire Stock Is Sold

This store has been in the same location continuously for 32 years—and now has to vacate because other parties have secured a lease on this room. This store is one of the land-marks of the City of Newark. Always selling nothing but the best and finest Diamonds, Watches, Jewelry, Silverware, Cut Glass and Clocks.

STORE MOTTO:—"NOTHING TOO GOOD FOR OUR PATRONS."

All these fine goods must be sold to the highest bidder, without regard to cost and no thought of profit. Nothing reserved. All must be sold, safes, fixtures and all.

SALE STARTS SATURDAY, NOVEMBER 1, 2:30 AND CONTINUES DAILY AT 2:30 AND 7:30—UNTIL EACH ARTICLE OF THIS STOCK IS SOLD.

STORE CLOSSES WEDNESDAY, OCTOBER 29 TO INVOICE AND ARRANGE FOR THIS COLOSSAL SLAUGHTER OF WORLD'S FINEST PRODUCT IN JEWELRY LINE, AND OPENS AT 2 O'CLOCK SATURDAY, NOVEMBER 1. AUCTION STARTS AT 2:30 AND 7:30. REPAIR WORK MAY BE CALLED FOR DURING SALE.
